

## **Surveyor/Inspector**

Our office is looking for a person who is highly motivated, team-oriented and looking to join a fast-paced professional environment. As the successful candidate, you will be joining our team as a Surveyor/Inspector for various municipal engineering projects working varying hours based on current workload and weather conditions.

We are a strong advocate of the team approach to undertaking projects and problem solving. The preferred candidate will possess the following:

- Post-secondary education is an asset (not mandatory)
- Able to assist with Total Station and GPS Topographic Surveys in a fast paced and physically demanding environment, requiring candidate to traverse steep inclines and lift moderate loads (equipment) during the workday
- Perform inspection for small and medium sized construction projects
- Strong oral and written communication skills
- Strong organizational skills and be detail-oriented
- Be a good problem solver able to identify alternative solutions
- An innovative and analytical approach to providing solutions, and a desire to work collaboratively as part of a highly skilled team
- Green patch safety boots are mandatory for all workdays, other safety equipment will be provided as needed
- A reliable vehicle is required for inspection duties
- Valid Ontario driver's licence

Position and salary will be based on education level and work experience. Please summarize why you would be interested in this position and what key experiences you would bring to N.J. Peralta Engineering in your covering letter.
